*Reign now Reign now*

We were the poor and broken hearts  
We were the captive ones  
We were the helpless prisoners  
In need of rescuing

Now we are freed and justified  
We are the prize You won  
Now we are conquered by this love  
Lord we are overcome

**C**  
In the highest of heavens  
**D**  
In the deepest of seas  
In the greatest of nations  
In the hearts of the free
